

VINTAGE CHECK LIST

Winemaking

Vintage Administration

Copy Varieties To New Vintage

Copy Payment Terms & Rates

Copy Grower Deliveries

These options can be run at any time.

End of Vintage Update

This option is generally run in December and rolling of vintage is only possible if there are no unupdated weighbridge docket, daily crush and Grower payments.

Levy Rates & Dates

Weighbridge Analysis Bonuses

Grower Deliveries

Check whether any of these need to be changed.

General Housekeeping

Stock Control

Stock Administration

Copy Stock Items

Create new vintage stock items by copying from current vintage (eg 18?) to new vintage (ie. 19?)

Group can be utilised to only impact bulk wines

Global Stock Item Maintenance

Deactivate stock items no longer required

Select previous vintage bulk wine stock items utilising wild cards (eg. 18?) for specific stock groups (eg. BULK)

For each *Area of Use* record Yes against Replace and No against New Value

Please note that only stock items with zero quantity will be impacted (ie. flagged as inactive)
